

**Model Answer - Grade 7 English - Reading Response - The Lighthouse Keeper**

Q1: The main character is Tomas. Every evening he climbs the steps, cleans the lens and lights the lamp.

Q2: Someone might still need the light. Even though big ships stopped coming, a small fishing boat used the lamp on a stormy night to find the safe channel.

Q3: At the start Tomas wonders whether lighting the lamp is worth it. After he saves the fisherman he is sure it is, and he climbs the steps 'a little taller than before'.
