HIST7-ROME-01 - YEAR 7 HISTORY TEST: THE ROMAN EMPIRE

Answer all four questions. Write full sentences.

QUESTION 1 (4 MARKS)
Why did the Roman army build roads across the empire?
A correct answer mentions moving soldiers quickly, trade and supplies, and spreading Roman control.

QUESTION 2 (4 MARKS)
What was aqueduct water used for in Roman towns?
A correct answer names drinking water, public baths and fountains.

QUESTION 3 (4 MARKS)
Give two reasons the empire was split into East and West.
A correct answer says the empire had grown too large to rule from one city, and that defence was easier with two capitals.

QUESTION 4 (4 MARKS)
Name two things Roman towns built that we still use today, and say what each was for.
A correct answer pairs a structure (roads, sewers, baths, walls) with its purpose.

HOW I GRADE THIS TEST (FOR THE TEACHER MARKING AFTER ME)
Every question is marked on a 4-band scale, out of 4.
Band 4: accurate and complete, in the pupil’s own words.
Band 3: mostly accurate; one part missing or vague.
Band 2: partly accurate; more wrong than right.
Band 1: little or no correct content.
Band 1 is the lowest mark and band 4 the highest. No half marks.

GRADE BOUNDARIES (OUT OF 16 POINTS)
A: 14-16. B: 10-13. C: 6-9. D: 0-5.
